As my life goes on,  
I believe somehow something's changed,  
Something deep inside,  
A part of me.

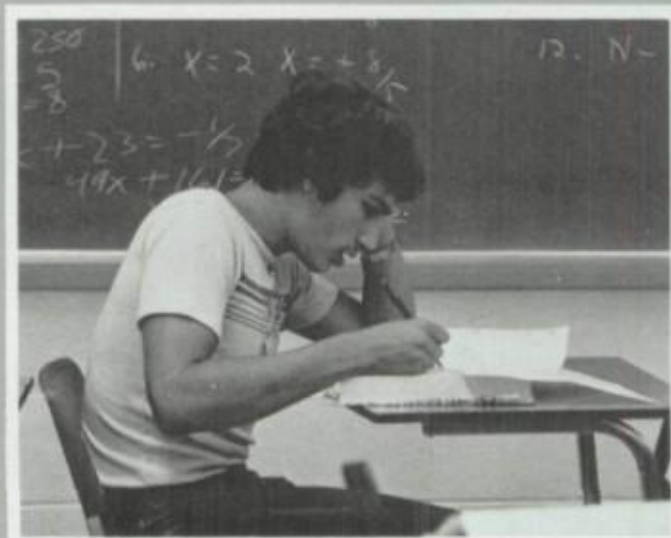

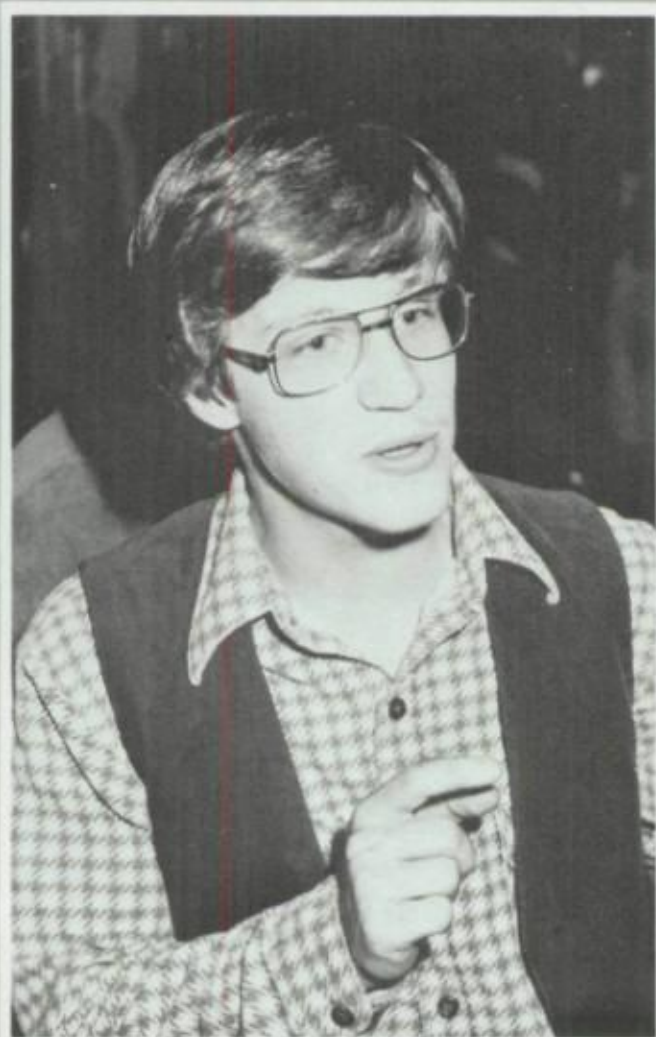

There's a strange new light in my eyes.  
Things I've never known,  
Changing my life,  
Changing me.

I've been searchin' so long  
To find an answer.  
Now I know my life has meaning.

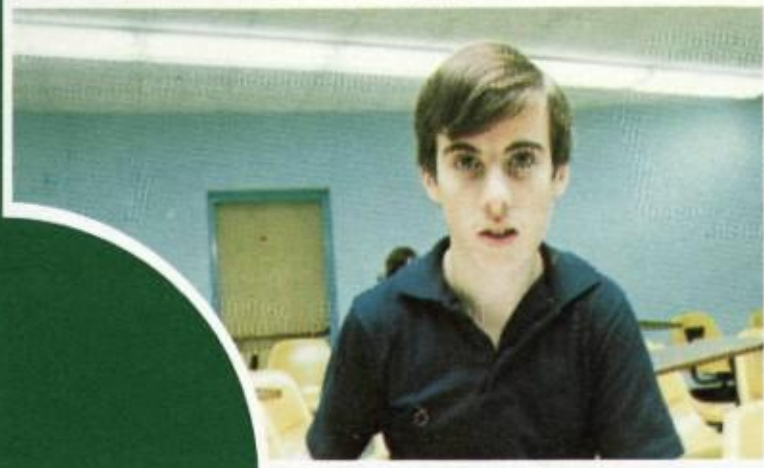

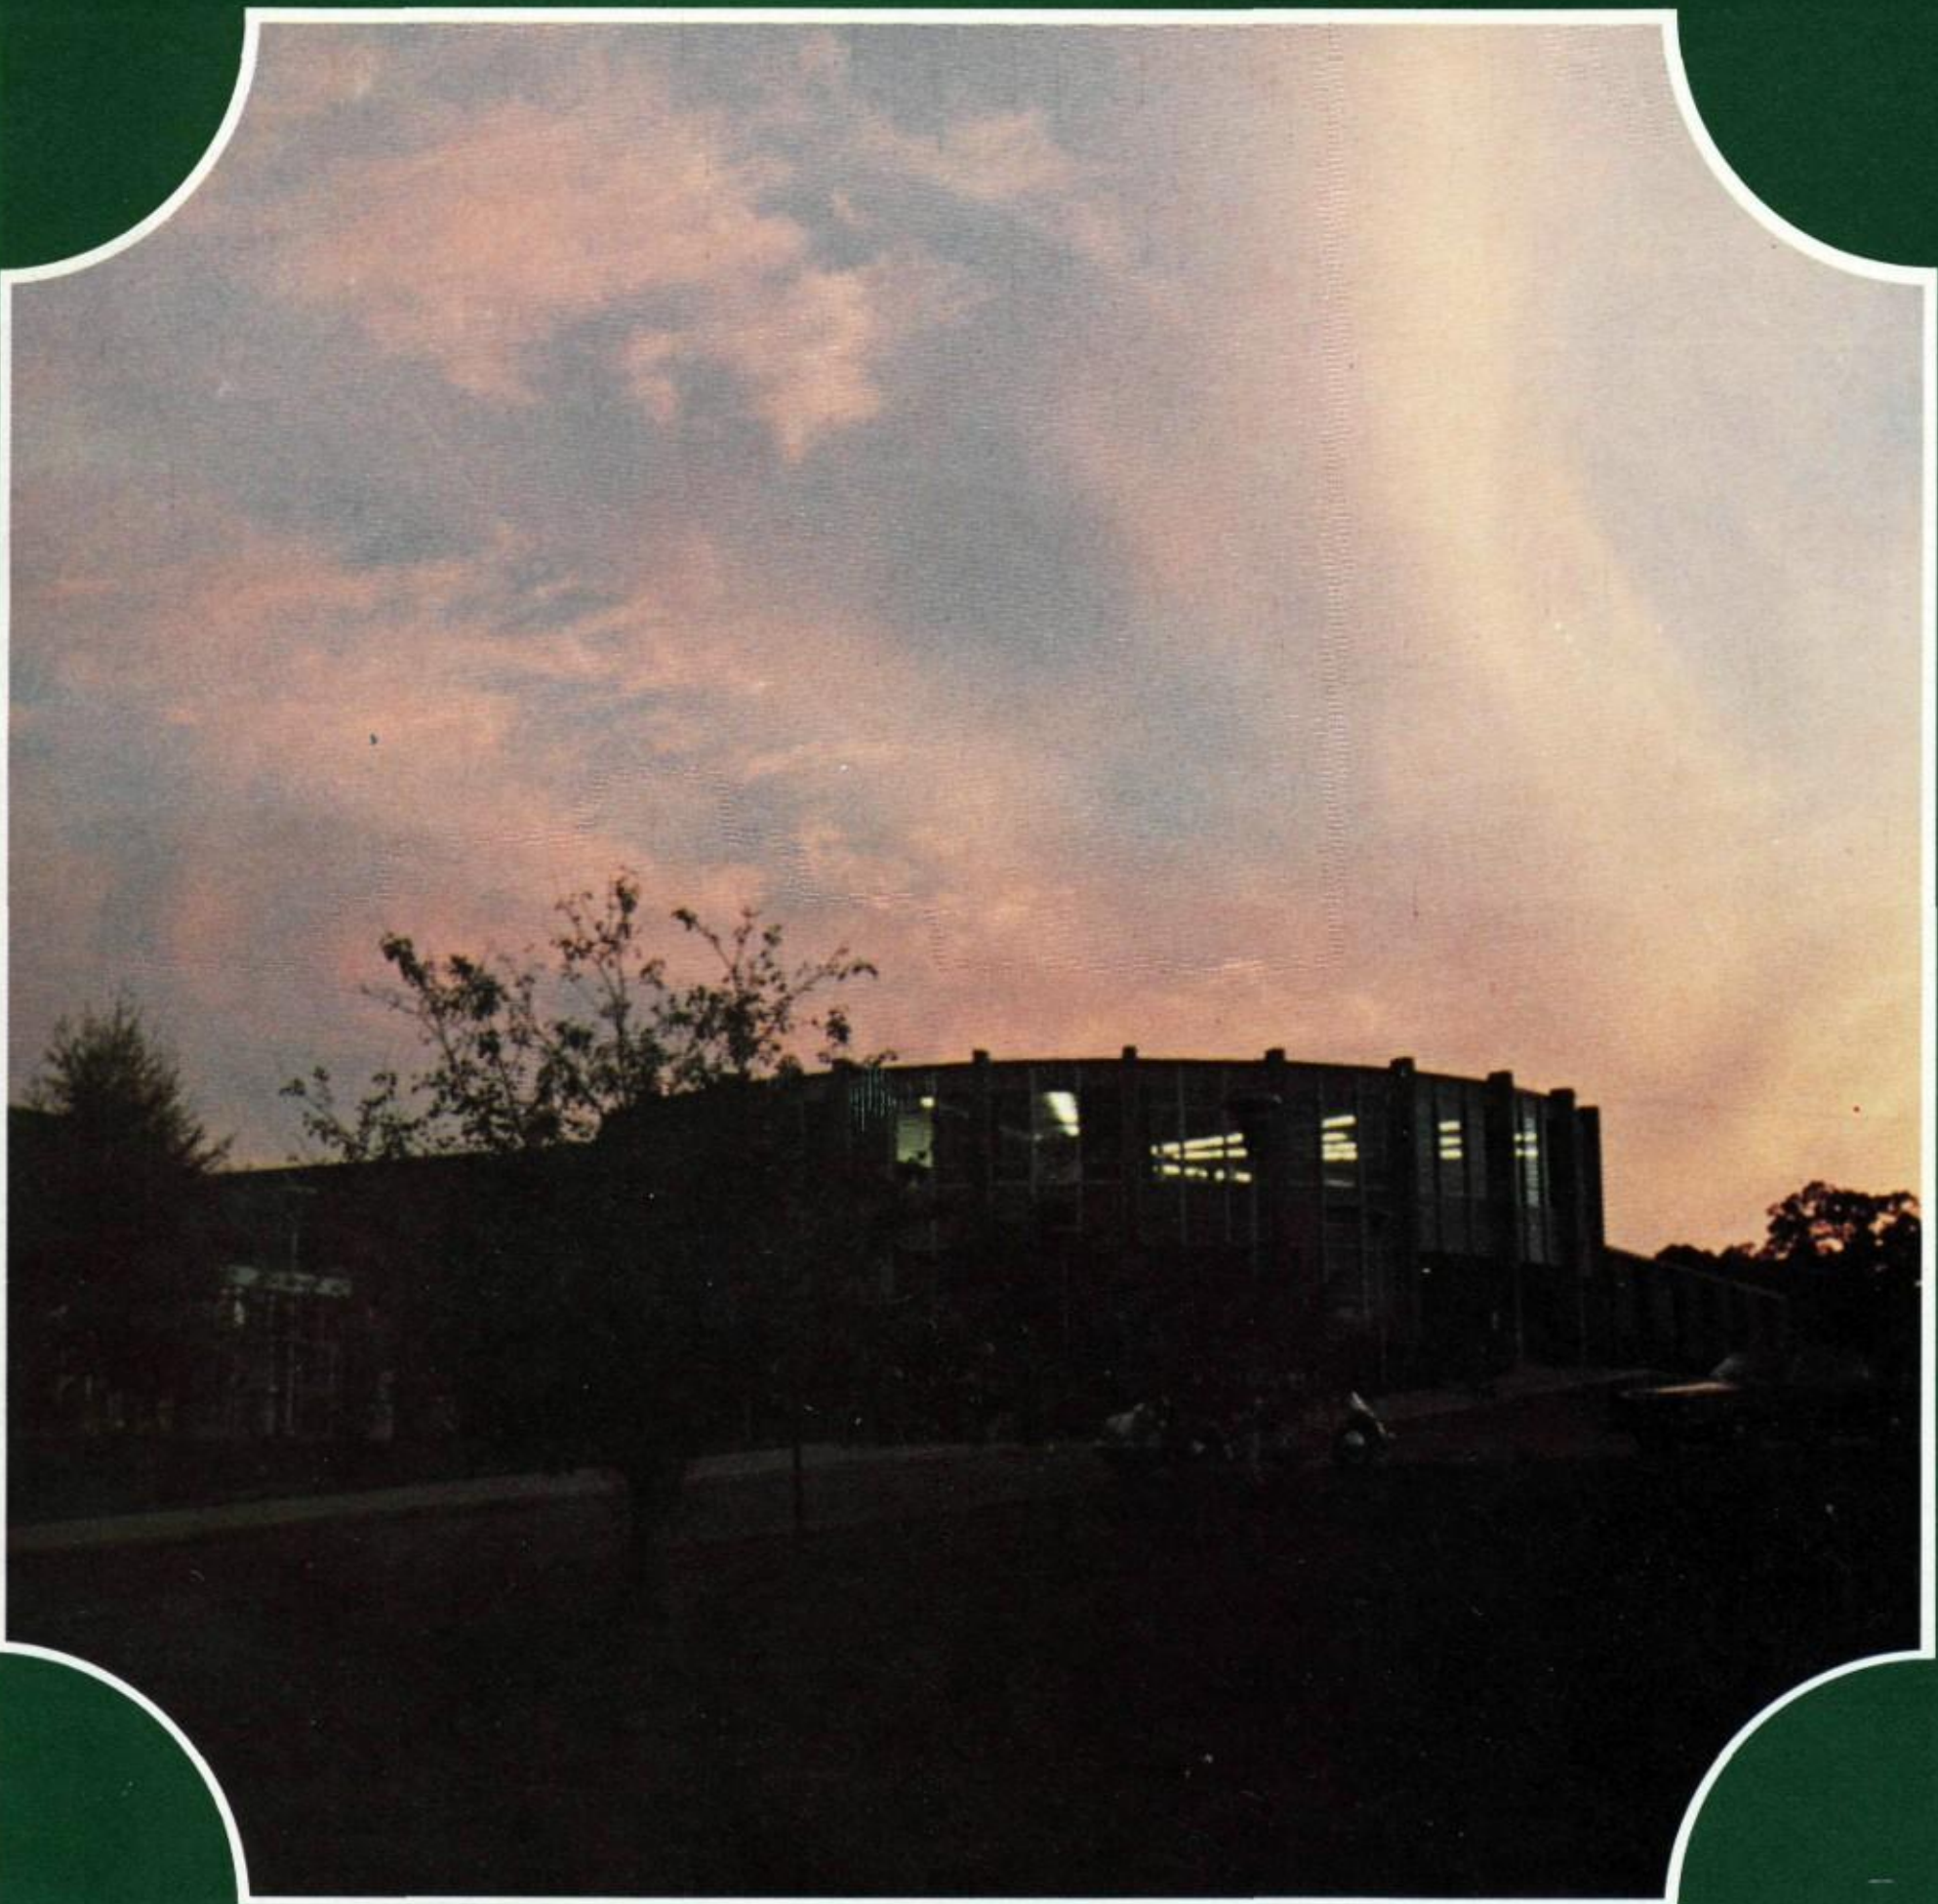

Searchin' for an answer to the question  
 "Who am I?"  
 Maybe it's true, it's only nat'ral;  
 Good things in life take a long time.

## Class of '80 Officers

Joe Dudek, Vice-President; Chris Tator, President;  
John Piedra, Secretary; Wendy McCaw, Treasurer

To the Class of '80:

High school years are filled with many special memories. I recall our first days of high school and waiting at the bus stop with anticipation and hopes of being able to get through the day. The first dance we could legally attend turned out to become a regular habit after the fears were gone. Riding on the bus to football games with the cheerleaders doing cheers filled me with a deep feeling of pride, a pride that I was a part of Spackenkill. I was about to have four very memorable years. I still have that feeling of pride, and I also have a feeling of unity in our class.

The bond formed by our class helped to see us through such events as "Friday Night Live" and our dances. The parties and the friendly working conditions brought people closer together. Those of us who worked on class events had a wonderful feeling of accomplishment and pride. We've watched each other grow and mature over the years, and we've turned from jittery freshmen into young men and women, men and women who will now go out into the world.

Whatever you choose to do, I wish you all the very best of luck. I hope that when you are older, you will look back on your days at Spackenkill as happy ones. I know I will.

Love & happiness always,  
Chris Tator

# Our AFS Exchange Students

Dear friends,

Many of you have come to know me, some not as much as others, and I hope that all of you have gained from the experience of having me here as much as I have from being here. I have learned much about myself and others. Learning to understand Americans and people in general has been something that I treasure most from my year. I just hope that my family and friends will understand me.

I appreciate the kind generosity that I have received from the school and this community. At Spackenkill I have spent some of the happiest moments I can remember, and they will stay with me for a long time to come. All I ask is for you to remember me.

Kimball Jenkins  
Wales

Hi friends!

This great year is almost over for me, and soon I have to go back to Finland. But I will always remember Spackenkill and you, my friends, who made my stay here unforgettable.

I have experienced a new way of living and met many different people, which has been one of the best experiences in my life. I will always remember you, and I hope I can come back someday and see you all again.

Love,

Barbara Weckman

I feel the necessity to thank everyone at Spackenkill for his or her contribution to our Yearbook. This book is actually for, by, and about the entire student body. Everyone added something to the Yearbook, whether it was through sports, events, activities, or other areas, and each of us deserves recognition. Yet, I especially would like to thank the many Yearbook staff members who gave so much time and effort in creating this Kaleidoscope.

In addition, there were many people who were not on our Yearbook staff, yet devoted their time and skills to bring this book to a successful completion. Included are Brian Hawthorne, our Delmar Representative, Mark Maserjian, our Arax Photographer, and many of our own Spackenkill staff: Mrs. Klein, our Advisor, Mr. DeRespinis, Mr. Bushey, Lee Riley, Phil Germano, Mrs. Mesuda, Mrs. Findlay, and Mrs. Haggett. They all deserve a very special thanks from the Yearbook staff and me.

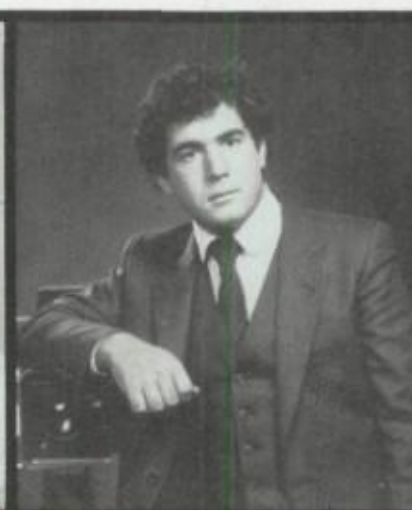

Producing this book proved to be quite an assignment. I hope that the many people who participated this year did not consider their work just a task, but also a positive experience. The job was done and done well; everyone should look back upon his or her contribution with a sense of pride.

Many thanks again,

*Victor Heilweil*

'Tis a lesson you should heed,  
Try, try again.

If at first you don't succeed,  
Try, try again.

—William Edward Hickson

We shall go on forever  
Dreaming the Impossible,  
Striving Endlessly  
To accomplish our goals.

We have searched so long;  
Hand in hand,  
Smiling and laughing,  
Together—  
As friends, ne'er to be forgotten.

If our paths just happen to cross,  
We can smile and laugh once again.  
But, Time goes on,  
and so must we  
On our quest towards the stars ...
